

ASTRONAUT TRAINING EXPERIENCE®

PROGRAM SUMMARY

Located at the ATX Center®, the Astronaut Training Experience immerses participants in the world of astronaut training. In addition to authentic mission simulators, trainees will also perform a real space shuttle mission simulation within a full-scale, realistically outfitted mission control mock-up. Trainees will also have the opportunity to meet a real veteran NASA astronaut, hearing personal accounts of life in space straight from the source.

PROGRAM COMPONENTS

Mission Training and Simulation | Gyro Extreme Multi-Axis Trainer | Micro-Gravity Wall | Partial Task Trainer | Meet and Greet with a Veteran NASA Astronaut | ATX® Polo and Pen | Light Snacks | Graduation Certificate and Photo Signed by Astronaut Guest

Targeted Audience: Participants must be at least 14 years old. Children ages 14-17 must be accompanied by a participating, paying adult over the age of 18.

Availability: Year-round, typically held on Saturday mornings. Call or visit our website for available dates.

Price*: \$145 per person (plus tax)

Program Times: 8:30AM-1:30PM

Minimum Participants: 8 (You may register individually but we require a minimum of 8 registered participants to host the program and to ensure some of the above program components.)

Maximum Participants: 24

Group information: Ask about the availability and requirements for a private Astronaut Training Experience® date.

Additional Information: Height and weight restrictions apply on certain simulators. No skirts or dresses. Athletic footwear preferred. Participants should be free of neck and back injuries.
