

ASTRONAUT TRAINING EXPERIENCE® FAMILY

PROGRAM SUMMARY

This program brings our popular Astronaut Training Experience® to students as young as 7 years old. Located at The ATX® Center, the program immerses participants in the world of astronaut training. It's perfect for young space explorers and parents to do together! In addition to authentic hands-on simulators, trainees will perform a real space shuttle mission simulation within a full-scale, realistically outfitted mission control mock up. Trainees will also meet a real veteran NASA astronaut.

PROGRAM COMPONENTS

Mission Training and Simulation | Gyro Extreme Multi-Axis Trainer | Micro-Gravity Wall | Partial Task Trainer | Meet and Greet with a Veteran Astronaut | T-Shirt and Pen | Light Snacks | Graduation Certificate and Photo Signed by Astronaut Guest

Targeted Audience:

Adults and children ages 7-13.

Children ages 7-13 must be accompanied by a participating, paying adult over the age of 18.

Availability: Year-round on a first-come, first serve basis. Typically held every other Sunday morning.

Price*: \$145 per person (plus tax)

Program Times: 8:30AM-1:30PM

Minimum Participants: 8

You may register individually but we require a minimum of 8 registered participants to host the program and to ensure some of the above program components.

Maximum Participants: 24

Additional Information: Height and weight restrictions apply on certain simulators. No skirts or dresses. Athletic footwear preferred. Participants should be free of neck and back injuries.
